Betty and I plan a trip to Tokyo, Hong Kong and Hawaii in October. I thought there were some X-Agents in Hong Kong and Tokyo but did not find any geographical listing. I know several of the fellows in Honolulu as I was once assigned there.

We are thoroughly enjoying Southern California climate and recreation. Betty and the three children are healthy and active. I travel frequently all over the West and sometimes back to Chicago and Detroit. Our offices in Denver, Portland, Los Angeles and San Francisco keep me on a busy itinerary.

The Gerbers have moved again. Our new residence address is 3227 North Wood Valley Road, N.W., Atlanta, Georgia 30327. I am president of a newly-formed company, Martin, Gerber & Associates Inc., management consultants. My company address is Suite 100, 241 West Wieuca Road, N.E., Atlanta, Ga. 30342. I am happy to be in Atlanta and associated with the fine Atlanta Chapter again. Marty and I are already making plans to attend the New Orleans Convention.

I worked with the late Bon Hughes McElreath (1950-68), who died June 14 in Oxford, Mississippi, in the Memphis FBI offices for several years. He was truly one of the finest men I've ever known — compassionate, friendly, conscientious, a good husband and father. His homespun sense of humor was a sincere source of delight to all who knew him.

We look forward to each issue of The Grapevine and are enjoying the magazine more than ever since it contains articles and pictures of Walter and Flo frequently in his role as President of the Society. (Flo and I were friends in New Orleans before marrying our Bureau husbands, and we followed the Dences to the San Antonio and Miami offices.)

We are hoping to see them and all of our other friends at New Orleans in November.

My thoughts jump from joy to sadness as I recall a past convention in Denver, Colorado, where Lois Kramer of Littleton, Colorado, was among the dear friends with whom we had so much fun. She and Russ later visited us here in Garden City. I am enclosing a check in her memory for the X-FBI Foundation.

What to Wear at New Orleans

Weather is Pleasant in November With Warm Days and Cool Evenings—Bring Comfortable Walking Shoes

By Charles R. Carson

The Society's New Orleans Convention will be held in the season that New Orleans calls early Fall. November 8 through 11 is in the period when our Summer humidity is over but the temperatures still call for general air conditioning.

For the entire month of November the average maximum temperature is in the low 70s and the average minimum temperature is in the low 50s. This means that you can still expect to see some afternoons when the temperature will reach 80 degrees. Shirt sleeves will be comfortable on sunny days. We may have turned our heaters on at home but only to take the chill off during the night.

Daytime clothing can be as informal as you want to make it. You will still see girls in shorts in the French Quarter, and it never gets cold enough here to discourage mini-skirts. There will be enough chill in the evening air to make a light wrap comfortable when out walking. All the good restaurants require men to wear coats

and ties so the men have no problem with evening temperatures. Women's slack suits are now accepted in the better restaurants. An additional light wrap might add to your night time comfort. New Orleans is very broad minded about dress. You will see all extremes of dress in the French Quarter.

The Fairmont Roosevelt Hotel is within walking distance of the French Quarter and the women will have many shops, art galleries and other places of interest that they can walk to see. So be sure to bring comfortable walking shoes.

The month of November gets very little rain by New Orleans standards. Our year round average is five inches a month, mostly in thunderstorms and hurricane season rains. November's average is three and one half inches. The Summer thunderstorms are generally over and the hurricane season has ended. It is delightful weather, and daylight 11 hours a day. So — to use a local expression — come see. We believe you will enjoy it here.

Kansas City Airport Inspected By Heart of America Chapter

Members of the Heart of America Chapter met at the newly-constructed Kansas City International Airport for their monthly meeting on July 18.

They inspected the many unusual features of the airport which will soon be the departure and arrival point for many world travelers. It is recognized as one of the largest and most modern airports in the world. It has one unique feature — no one will be required to walk more than a few feet from his parked car to the jet ramp.

Costing more than \$250 million to

build, the air terminal is capable of handling any now known or designed aircraft. Experts believe Kansas City will become a port of entry for the United States, thus promoting the development of the "heartland of America."

Members on the inspection tour were Chairman John Burge, Vice Chairman Bill Mangold, Ed Burke, Joseph Dodge, Stuart Hines, Jeff Knutson, Ed McKaskel, Barney Myers, Bob Quirk and Roger Walsh.

Acting Director Gray Invites 500 Society Members To Visit New \$25,000,000 Facility at Quantico Sept. 23

Through the invitation of Acting FBI Director L. Patrick Gray, some 500 members of the Washington, D. C. Chapter and other Chapters in the Mid-Atlantic and New York regions are expected to visit the Bureau's new Academy facilities at Quantico, Virginia on Saturday, September 23. The program begins at 11:15 a.m.

The visitors will be welcomed by Assistant Director Thomas J. Jenkins, followed by a briefing and small guided tours of the new facilities. There also will be a hot lunch and a firearms demonstration at the ranges across the road from the Academy.

The hot lunch will be served in the new dining room at a cost of \$1.40 per person.

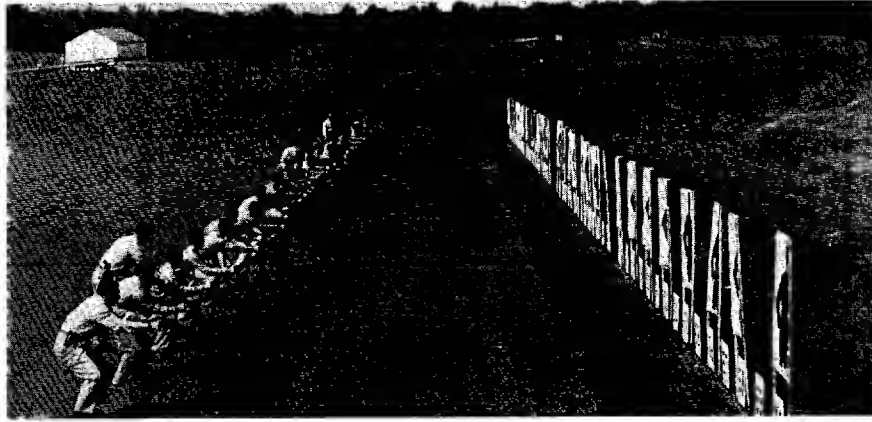

Reservations for the tour must be made by Tuesday, September 19 with Chairman Paul Ertzinger of the Washington, D. C. Chapter. He urges that they be made by telephone to 202-363-9203, either day or evening.

It is expected that several of the Society's national officers will also attend the visitation program.

ACADEMY FOUNDED IN 1935

The new FBI National Academy has been termed a "University in Law Enforcement." Started in July 1935, by the late FBI Director J. Edgar Hoover, the Academy has trained thousands of law enforcement officers from all over the United States and foreign countries. With the graduation of the 89th session of the Academy last June 7, 1972, the total number of graduates rose to 6,134, of whom 221 are from friendly foreign countries. Of the nearly 3,300 Academy-trained officers still active in law enforcement, about 28 percent now hold top executive positions in their respective agencies. Their training has helped bring to realization law enforcement's greatest single asset: professional pride.

The new, modern FBI Academy nestles within a 79-acre tract of rolling, wooded Virginia countryside at the Quantico Marine Corps Base. Here last June 26, the 90th Session of the FBI National Academy convened and the 200-member class be-

gan the most intensive and complete training program that instructional experience and modern technology permit.

2,000 STUDENTS A YEAR

The new FBI Academy is equipped to accommodate a number of law enforcement training programs — from basic police skills to the most sophisticated applications of advanced technology and innovative concepts in criminology. In addition to permitting 2,000 select officers — a tenfold increase over the previous number — to annually attend the 12-week FBI National Academy sessions, the curriculum and facilities enable another 1,000 officers to yearly receive specialized courses of shorter duration.

The Academy also provides for the initial training of FBI Agent personnel as well as the specialized in-service training they periodically receive throughout their careers. The Academy also will be the setting for top-level conferences and seminars related to law enforcement problems.

Construction of the new Academy began in June 1969 and its total cost is approximately \$25,000,000. It includes an Administration Building with a gross area of 11,586 square feet; a Learning Resource Center of 24,000 square feet; a Classroom Building of 105,400 square feet; a Physical Training Center with an area of 98,956 square feet; two Dorm-

itories with a gross area of 78,372 square feet each; a Dining Facility of 120,800 square feet and a seating capacity of 350, and an Auditorium with a seating capacity of 1,000.

The Academy curriculum has been organized into five instructional departments. These are:

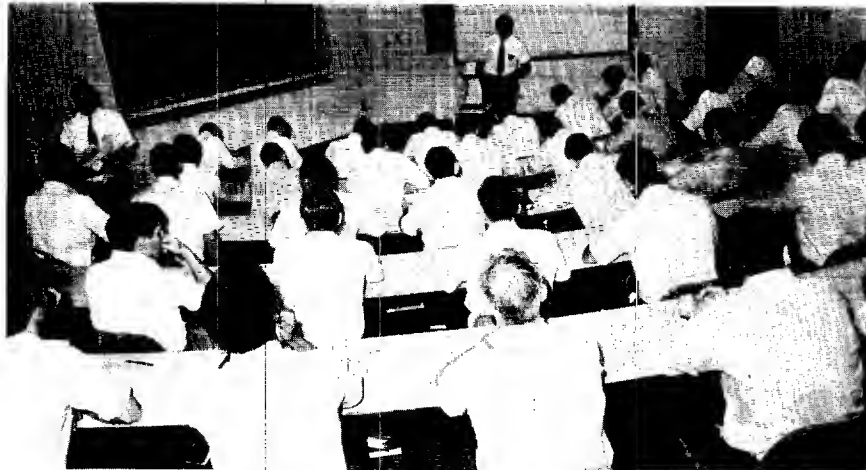

The Department of Management Science; the Department of Law; the Department of Behavioral Science; the Department of Forensic Science, and the Department of Education and Communication Arts.

23 CLASSROOMS

The Academy has 23 classrooms, including 16 accommodating 50 students each. They have rear projection screens and speaker systems controlled from the instructor's lectern. There also are four identification laboratories as well as 13 individual photographic darkrooms for special training in investigative photography, and two darkrooms for training in fingerprint identification photography.

Other special facilities include a mock-city classroom and a crime scene room where special law enforcement situations are re-created to simulate as closely as possible actual problems confronting the officer in investigating cases, conducting raids, making arrests and searching for evidence.

(continued on page 6)

FBI Academy

(continued from page 5)

The twin seven-story dormitories accommodate a maximum of 720 students in two-room suites. Each suite houses four students, two to a room, and has a bath between each room. Another building houses a dining facility, a snackbar, a store for personal articles and equipment, a bank, barbershop, and the indoor firearms range.

THE ARMS RANGES

Just beyond the dining facility are the famed FBI outdoor firearms ranges where officers receive expert training in a wide variety of defen-

sive weapons under conditions and in situations similar to those they might face in the performance of their duties.

Students enrolled in the police training programs at the Academy are provided, at no cost to them, all meals, lodging, laundry and dry-cleaning, as well as necessary equipment and supplies connected with their training.

Selection and nomination of applicants to attend police training programs of the Academy are made by the heads of their agencies. Any law enforcement official interested in the Academy's programs should address his inquiry to the appropriate FBI field office covering his territory.

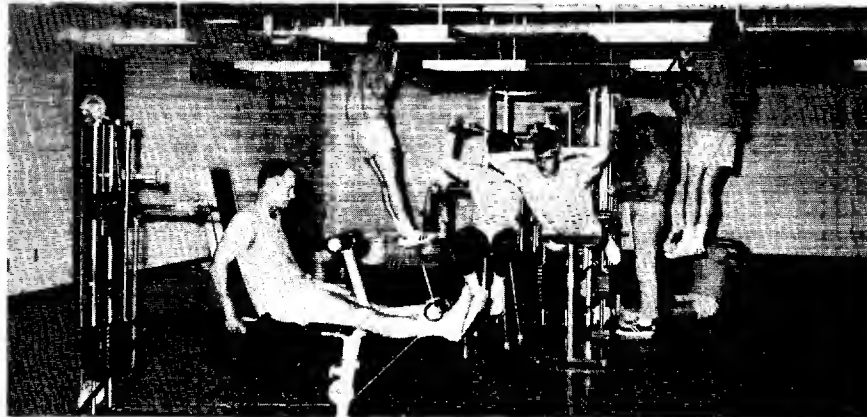

Meech Named Interim Sheriff in Florida

Frank F. Meech (1941-64), was sworn in on June 12 as interim Sheriff of Lake County, Florida, under appointment of Governor Reubin Askew and Circuit Judge Troy Hall.

He replaced Sheriff Willis V. McCall who was suspended from office following his arrest in connection with the death of a prisoner held in the Lake County Jail. A jury on August 19 acquitted McCall of the charge.

Meech formerly was manager of

safety and security of the ITT-Thompson Industries at Southfield, Michigan. He retired from that post and he and his wife Moraline moved to Tavares, Florida where they built a new home. He had hardly become settled when he was summoned by Judge Hall and requested to take the interim appointment of Sheriff. It was understood he will serve the remainder of McCall's unexpired term until the end of the year.

Jenkins FBI Assistant Director; Is In Charge of Training Division

Acting FBI Director L. Patrick Gray III, has announced that Inspector Thomas J. Jenkins, 60, the No. 1 man in the FBI's Training Division, had been designated Assistant Director in Charge of the Training Division to fill the vacancy caused by the retirement of Assistant Director Joseph Casper. Jenkins, who has served 37 years with the FBI, is a native of Washington and is a Georgetown University law graduate.

Gray advised that William M. Mooney, 48, who has been serving as Special Agent in Charge of the FBI Academy at Quantico, Virginia, has been named as Inspector and No. 1 man in the Training Division to replace Jenkins. Mooney has been with

the FBI since 1951 and has served in supervisory capacity at FBI Headquarters for the past 10 years. He is a graduate of St. John's University, received his Master's Degree from Catholic University, and has attended the Harvard School of Business Administration.

Gray further announced that John B. Hotis, 41, who holds a Doctor of the Science of Law degree from Yale University, has been placed in charge of the FBI's academic program at the new FBI Academy at Quantico and has also been designated No. 2 man of the Training Division.

Inspector Hotis is a native of New York and has been a supervisory official at FBI Headquarters since 1965.

Tempe, Arizona X-Agents Eulogize Hoover

The late FBI Director J. Edgar Hoover was eulogized by several Arizona Society members in an article in the Tempe Daily News shortly after the Bureau chief's death.

Each offered a personal recollection of his association with Mr. Hoover and lauded his leadership and high personal integrity.

Among those quoted in the article were John B. Duffy (1942-63), chief

of security at Arizona State University; Judge E. W. (Mike) Halloran (1942-62), chief magistrate of the Tempe Municipal Court; Judge Richard J. Hennessey (1941-51), also of the Tempe Municipal Court; George L. Sheppard (1934-45), a CPA at Tempe; and I. Gayle Shuman (1961-63), director of housing at Arizona State University.

"WHEREAS, this Constitution gives

us our foundation for a free, prosperous, and independent life for every citizen, but each generation, in its time, must work for and claim it, otherwise, through indifference and carelessness, the liberties and rights we have enjoyed may vanish; and

"WHEREAS, the independence granted to the American people to enjoy such freedom and liberty, unknown to any other country, should be honored and celebrated by appropriate ceremonies and activities during Constitution Week, September 17 to 23, as designated;

"Now, THEREFORE, I, Walter E. Dence, President of the Society of Former Special Agents of the Federal Bureau of Investigation Inc., do hereby proclaim the week of September 17-23, 1972 as Constitution Week, and urge all our members to pay special attention during that week to our Federal Constitution and the advantages of American Citizenship."

McNAMARA HONORED AT BOSTON TESTIMONIAL—Edmund L. McNamara, outgoing Boston Police Commissioner and now president of Ogden Security Inc., is awarded citation on behalf of the Greater Boston Chamber of Commerce by former Mayor John F. Collins, now president of the Chamber of Commerce on the occasion of a reception and dinner honoring Ed on the completion of 10 year's as Boston's Police Commissioner. McNamara is a former Regional Vice President of the Northeast area of the Society.

McNamara Leaves Boston Police Post to Head Ogden Security

After fulfilling his second five-year term as Police Commissioner for the City of Boston, Edmund I. McNamara has become president of Ogden Security Inc., a nationwide total security organization which is a subsidiary of the Ogden Corporation.

Ogden Security offers a complete range of services in the security, law enforcement, and management consulting areas and serves business, industry, institutions, government and the professions. Although the home office of Ogden Security will be in Boston, its operations will be on a national and international scope. The company is staffed principally by Former Agents and municipal police officials. Ogden recently purchased the Suffolk Downs Race Track.

On June 28, a reception and dinner in honor of Ed McNamara was held in the ballroom of the Statler Hilton Hotel in Boston which was attended by over 1,000 friends and well-wishers.

In 1962 McNamara was the first home-rule Police Commissioner appointed to serve this city in more than 85 years and the first ever to have prior law enforcement experience, having previously served as a Special Agent in the Federal Bureau of Investigation. Under his direction the Boston Police Department was reorganized following public criticism of its administration in the early 1960s.

A native of Boston, Commissioner McNamara attended Clinton, Mass. High School, and graduated from Holy Cross College, Worcester, Mass., in 1943, where he was a member of the varsity football team. He served as a Lieutenant in the Navy during World War II. He was a PT boat commander, and won the Silver Star. After the war, he played professional football for the New York Giants and the Pittsburgh Steelers before he joined the FBI in 1946.

WAITING TO GREET YOU AT NEW ORLEANS—New Orleans Convention Chairman Robert R. Rainold and his wife Miriam have extended a special invitation to all Society members to be present for the great program arranged by the New Orleans Chapter for the organization's 19th annual meeting November 8 to 12. Bob and Miriam, who directed the third annual convention in 1956, advise that the upcoming meetings at the Fairmont Roosevelt Hotel will be the greatest yet with an attendance of more than 1,200.

Convention City of New Orleans Has Its Own Special Language

To visit New Orleans properly one should first learn some of the language spoken there, says Robert R. Rainold, general chairman of the Society Convention there on November 8 to 11.

Everyday English is spiced with a great many words which have been absorbed out of the city's cultural heritage of French, Spanish and African influences. They are helpful words and some of them Bob passes along to you with their definitions.

Creole: Spanish *coriollo*, native to the locality. Descendent of the French or Spanish settlers of Louisiana. As an adjective, applied to various local items such as food, vegetables, architecture.

Banquette: French *banquette*, a low bench. A sidewalk, so called because the early wooden sidewalks were elevated above the muddy streets.

Bayou: Choctaw *Bayuk*, river or creek. A sluggish stream having its

rise in the overflow of a river or the drainage of a marsh.

Beignet: French, a fritter. The square doughnuts, sans holes, served with *cafe au lait* at the city's French Market.

Cafe au lait: French, coffee prepared with hot milk.

Cafe brulot: French *brulant*, burning, hot. A festive drink of coffee, spices, orange peel and burning brandy.

Cajun: Corruption of "Acadian." Descendents of the early Acadian settlers of Louisiana.

Mardi Gras: French, Fat Tuesday. Shrove Tuesday, last day of the Carnival season. Celebrated with elaborate parades and street festivities.

Vieux Carre: French, old square. The original walled city of New Orleans. The French Quarter bounded by Canal Street, North Rampart Street, Esplanade Avenue and the Mississippi River.

Coulthard is Killed When Bomb Wrecks His Automobile in Garage at Las Vegas

G. William Coulthard (1939-45), a widely known attorney at Las Vegas, Nevada, was killed on July 25 when a bomb demolished his car shortly after he left his downtown office. He was 56.

The explosion occurred on the third floor of the Bank of Nevada Building which is used as a parking garage. Coulthard had his law offices on the fifth floor and was seen in the elevator moments earlier.

The force of the blast blew a hole in the concrete floor and damaged five other cars.

A native of Mondak, Iowa, Mr. Coulthard obtained his law degree at the University of Iowa and was admitted to the bar in that State in 1939. He served as a Special Agent of the FBI in Las Vegas from 1939 to 1945 and was admitted to the Nevada bar in 1946.

Mr. Coulthard was an assistant city attorney in Las Vegas from 1947 to 1948, a member of the State Board of Bar Examiners from 1948 to 1951, and was a former president of the State and Clark County Bar Associations.

He was a State Assemblyman from 1951 to 1954 and served as Speaker pro-tem of the Nevada Legislature in 1953.

Federal bomb experts were called in to investigate the explosion. Las Vegas police said that two to four sticks of dynamite were apparently placed beneath the vehicle. The blast

G. William Coulthard

destroyed nearby cars and damaged 20 others on the third floor of the garage. No apparent motive for the slaying could be determined, police said.

Heiner on the Mend From Shooting Injury

Chapter Chairman Chick Heiner presided at the meeting of the Richmond, Virginia Chapter on May 4 at the Bull and Bear Club in Richmond. He was in the hospital for several weeks as a result of a shooting incident at the Federal Reserve Bank in Richmond. His arm is improving and he hopes to return to work in the reasonably near future.

A committee was appointed to plan

a Summer outing at which the wives of members will be guests.

Attending the luncheon meeting were Dick Brennan, Bernard Gill, Luther Glass, Paul Hansen, Chick Heiner, Harry McCarthy, Jim Moran, Bob Powell, Ed Robbins, Pucky Smith, John Wagner and Jack Wilmoth.

Springfield Urged to Support Foundation: Chapter to Attend Football Game Sept. 23

Chairman Duane L. Traynor gave a report on the North Central Regional Conference held at Minneapolis at the meeting of the Springfield, Illinois Chapter on July 10 at the Elks Club. He pointed out that the Chapter is delinquent in not supporting the Former Agents of the FBI Foundation to the extent that it should. He urged all members to contribute to the Foundation each year.

After discussion, it was decided to omit the Chapter picnic this year. Gene Irvin reported that he has re-

served 20 tickets for the Illini-Southern California football game on September 23. It will be preceded by a luncheon in the Colonial Room of the Illini Union Building.

Attending the meeting were R. C. Anderson, Harold Bruniga, William K. Cavanagh, Manley Hawks, Clem Hood, Richard N. Hosteny, Eugene Irvin, Clarence S. Nold, Kuno R. Schroeder, John F. Tharp, Duane L. Traynor and guest Jim Moreland.

Membership Directory Addenda

In the new Directory under alphabetical listings you changed my employment from Drug Inspector to Private Investigator, leaving off the name of the Alabama State Board of Pharmacy. Under the affiliating listings, you left out the name of the Alabama State Board of Pharmacy or showing me as being affiliated with the State Board. I can't understand this since I have sent in no changes since I have been a member. Incidentally, the business address of the State Board has now been changed from 1300 Arlington Street, Mobile, to Secretary, P. O. Drawer P, Cullman, Alabama 35055.

Dudley F. Peeler
Birmingham, Alabama

My position at Bristol Laboratories, Syracuse, N. Y. is Security Officer, not Oil Operator, as listed in the new 1972 Membership Directory. If you are going to print a list of corrections, would you please handle mine.

Peter G. Roth Jr.

It was good to get the 1972 Membership Directory. Naturally, the first thing I did as I'm sure everyone else did, was to look myself up. My listing in the alphabetical section is perfect but in the geographical section the whole Short Hills, N. J. section has been omitted. The last Directory showed about 12 X-Agents here. Also I was not included in the affiliation section under Consultant or Management Consultant.

My name was omitted in the geographical section of the new Membership Directory under Chattanooga, Tennessee. I have found this listing to be very helpful in the past.

Having just received my long-awaited Membership Directory, I was sorry to note it did not reflect my present position which you published over 18 months ago in The Grapevine. For your records my correct residence is 8000 12th Avenue South, St. Petersburg, Florida 33707. My title is Administrator, Public Safety Agency.

J. P. Morgan Jr.

I recently received my copy of the Membership Directory and find that I have not been included in the Geographical listings. I am not the only one left out of this section. A casual check revealed that several friends of mine in Florida were also left out, namely: John Mertz of Punta Gorda; S. Warren Marshall of Altamonte Springs; Richard Millen of Altamonte Springs; James V. Blaine of Umatilla, and William W. Wood of Venice. After a two-year wait, it would seem that the publisher should have produced a more accurate Directory for us.

I have nothing but hard luck in the geographical section of the Membership Directory. In the 1970 Directory I was listed under both Tucson and Tuscon. There is no Tucson. It's spelled Tucson. However, in the 1972 Directory geographical section you have dropped me completely but I do see

that you have two Tucson listings, with only one member in the second one. I do think such errors and mistakes can be avoided.

I have not been receiving The Grapevine nor did I receive a copy of the new Membership Directory. I looked at another member's copy of the Directory and on page 97 my name, occupation and address is correct except that I live in Port Republic, Maryland, not Missouri as the Directory has printed it. Also, I am not listed in the geographic or affiliation sections at all.

Albert Jerome McGrath III
Strathmoor Hall
Port Republic, Maryland

The alphabetical section of the new Directory lists me as Attorney-Counselor. I would be happy if my occupation were just that but I should be listed as Retired. I am not listed at all in the geographical section under St. Petersburg, Florida or St. Petersburg Beach. I sent in my correct occupation to New York City but the correction was not made.

Kyle M. McPhail
St. Petersburg, Florida 33736

I have been a member for over two years but I looked in vain for my name in the 1972 Membership Directory.

The new Membership Directory on page 97 has a grave error in my address. It lists my address as Port Washington, N. Y. and my occupation as assistant dean and director of admissions at "Gordham" University Law School, Detective Bureau, 1321 West Newton, New York, Massachusetts 10023. I am not listed at all in the geographical section. For your information my correct listing should read as follows: Thomas L. McEnaney (1950-70), 83 Fairway Drive, West Newton, Massachusetts 02165; business, Detective Bureau, Newton, Mass. Police Department.

Thomas L. McEnaney

My name is not included in the geographical section of the new Directory.

Stephen L. Halpin
Hurricane Hill
Warrensburg, Missouri 64093

In the geographical listing of the new Membership Directory my name is omitted on page 187 under "West Virginia-Charleston." As far as I am concerned, this is the most important place for inclusion. I am at a loss to understand the omission.

Robert G. Kelly
1601 Kanawha Valley Building

I notice that the Membership Directory Committee has incorrectly listed my address. Please correct your records so that the next Directory will show my address as follows: Residence, 423 Bellagio Terrace, Los Angeles, California 90049; Business, 445 South Figueroa Street, Suite 1700, Los Angeles, Calif. 90017; Attorney at Law.

Earl Hightower

Please refer to page 184 of the geographical section of the new Directory. My name does not appear with other X-Agents living in Muskogee, Oklahoma. If you do publish amended pages or supplements as you have

NEWARK FBI SOFTBALL TEAM—Parry D. Sorensen of Salt Lake City sent in this photo of the softball team of the Newark, New Jersey FBI Office taken in the Summer of 1944. He identifies SAC S. K. McKee in the center of the second row but has not listed the names of others on the team. Can anyone else supply the complete list of team members?

In the past, I would certainly appreciate a correction. It may be that you may want to publish this in The Grapevine. The Directory has in the past proven most valuable to me inasmuch as I have confined my investigative work to a very selective and special category. I served in the Bureau for nearly 30 years, much of that time in the Fingerprint and Identification Division. Much of my work has come unsolicited from X-Agents who have referred to the Directory and learn I am located in Eastern Oklahoma.

Robert O. French

I have just received the new Membership Directory and I note that contrary to the information I sent, they have used an old listing which is entirely wrong. My residence is 1445 Second Street, New Orleans, Louisiana 70130, and my business is Foley Judell Beck Bewley and Landwehr, Attorneys at Law, Suite 2313, 225 Baronne Street, New Orleans, La. 70112. When you put out a supplement to the Directory, I would appreciate seeing that the above information is used.

Harold B. Judell

I am disappointed that my name and classification have been omitted under the geographical listing of the new Membership Directory. This is detrimental to me in that X-Agents desiring to contact an investigator in the Salinas area will not have access to the information that there is an X-Agent here. I hope that I will be included in the geographical portion of the Directory in the next issue.

I note my listing on page 17 of the new Membership Directory merely lists me as a member. I was formerly identified as an Attorney at Law, and see no advantage in this new listing other than the fact that my office address is indicated. Please attend to a correction to include my professional identity in future issues.

Richard E. Burke

The arrival of the new Directory called my attention to the fact that I had not given you my new office address which is 1515 Doctors Court, Watertown, Wisconsin. We have been in the new office for a year and a half and outside my six windows, 10 feet from my chair, I can observe a family of gophers, a rabbit and a wren, all of which give me a perfect environment.

John H. Grant

Carlsbad, California 92008

My affiliation as shown in the new Directory is: Sowell and Harden, 2550 Bank of Georgia Building, Atlanta, Georgia 30303. The correct affiliation is Alexander Grant & Company, same address. Our firm of Sowell & Harden merged into the Grant Company on September 1, 1968.

Waldo Sowell

It is my understanding that a supplement to the Directory is being prepared to correct mistakes in listings.

My listing is incorrect as it shows two business addresses. That of "420 Lexington Avenue," should be eliminated. Please note a change of my business address from 402 Trustco Building, Honolulu, to 906 Financial Plaza of the Pacific, Honolulu, Hawaii 96813.

The Directory does not list me as a member in either of the listings -- alphabetical or State. Is there any reason for this? It was my understanding that unless a change of address was submitted to the Society, the previous listing would be used.

William H. Whaley
6 West Druid Hills Dr., N.E.
Atlanta, Georgia 30329

I received the 1972 Membership Directory and was very sorry to note that my name and the city of Pocatello, Idaho were deleted from the geographical listing. This listing has been valuable to me as being a private investigator. I have had numerous referrals from Society members and it was obvious they had checked the geographical section for someone who could be of assistance. Even though I am semi-retired I am available to render assistance to Society members who have matters in this area in which they could use my services.

J. Eugene Scheib

I received the new Membership Directory. Please correct my residence address to 7321 Sycamore St., New Orleans, Louisiana 70118.

I like the new Directory but was disappointed to discover my name missing in the geographical section.

L. L. (Jack) Meunier
Myrtle Beach, South Carolina

In the next edition of the Membership Directory, my address should be listed as follows: Residence, P. O. Box 425, Goodsell Hill Road, Georgetown, Connecticut 06729; Business, John Bartlett Investments, 200 Park Avenue, Suite 256, New York, N. Y. 10017.

John R. Bartlett Jr.

There is no geographical listing for the City of Santa Rosa under the State of California. Merle R. Adams and William B. Dillon both reside in Santa Rosa, a city of over 50,000 population. This omission makes it difficult for a member to identify an X-

Agent in the Santa Rosa area who may be called upon for assistance. Santa Rosa is the county seat of Sonoma County. I hope this omission will be corrected.

William B. Dillon
2400 Yulupa Avenue
Santa Rosa, California

My listing in the new Membership Directory is incorrect. It should read as follows: Robert E. Cook, Residence, 2500 East Wood Place, Shorewood, Wisconsin 53211; Business, Cook & Franke S.C., 660 East Mason Street, Milwaukee, Wis. 53202.

Robert E. Cook

My business address is improperly listed in the new Membership Directory. It should read: McDonnell Douglas Electronics Company, Box 426, St. Charles, Missouri 63301. In the new Directory it is listed as Conductron Corporation, Conductron, Missouri. Conductron Corporation was purchased by McDonnell Douglas in April 1971 and its mailing address is St. Charles, and not Conductron, Mo.

John N. Kennedy

Please correct your records to show my residence address as 13 Washington Square North, New York, N. Y. 10003. The address was listed incorrectly in the 1972 Membership Directory.

Theodore G. Kirschner

I retired in 1969, my name was omitted in the 1970 Directory, so I was quite disappointed to find that I had not been listed in the Geographical section of the new Membership Directory.

I am in business, self-employed, from my residence, and I am sure I so indicated this to the Society when I joined. I have learned, to my dismay, that failure to be listed, both alphabetically and geographically, has cost me considerable business from other members. Notably, at Atlanta last year, a member told me that he had referred a lucrative piece of business in New Hampshire to a Massachusetts agency because no one was listed in the Directory who did investigative work; that is, in New Hampshire.

You may state that the Directory is for personal use only, or is a personal directory; yet, the listing only of those in business in the Geographical section, makes it, in my opinion, a business directory.

I hope some way can be found to correct this omission.

Samuel T. Roddell

The information I submitted in late October, 1971 concerning a change in employment did not make the 1972 Membership Directory. My residence address was listed at 27501 Rainbow Ridge Road, Parkville, Palos Verdes Peninsula, California 90274. The word Parkville should be deleted. My business affiliation is: Ernest W. Hahn Inc., 2311 W. El Segundo Boulevard, Hawthorne, California 90250. My position is that of Project Coordinator of the Development Division.

THE CHARM OF NEW ORLEANS—The delicate iron lacework on buildings in the French Quarter helps to give New Orleans its charming atmosphere. The city is famous for its unique Creole cuisine, Dixieland jazz which is played in dozens of night clubs on Bourbon Street, and for antebellum homes of the pre-Civil War period.

After reviewing the new 1972 Directory, and finding that I (and Dave Maas) had been eliminated from those residing on St. Thomas, Virgin Islands, I decided to move. Did the compilers of the Directory anticipate this?

Imagine my chagrin to discover that my choice for a new location, Hilton Head Island, is not even listed in the South Carolina division of the geographical section! Obviously my attempt to escape obscurity failed.

I am certain, without consulting them, that other distinguished members of the Society residing on Hilton Head Island (Al Means and Zack VanLandingham) subscribe to my petition that future issues of the Directory recognize the existence of this beautiful, rapidly-developing community. Since Hilton Head does attract a growing number of Society members, especially the golfers, it will be a service to them to provide the information that former associates reside there. Please note my change of address on the enclosed form.

I was omitted entirely from the 1970 Directory. This year in the alphabetical section I am listed as residing in Valdosta, Ga. instead of Valdosta, Ga. and I am omitted entirely from the Geographical Section.

Maybe you don't realize how serious this error is but since this has occurred I have not received any request for investigative work.

To correct the information in the new Directory, please list my residence at 6225 29th Avenue North, St. Petersburg, Florida, and my business address as P. O. Traveling Priors on Trip to Mideast and India

The traveling Leon Priors of Miami Beach, Florida are on the road again!

Dr. Prior, who is a professor at Dade County College, and his wife, Dione, two years ago were in Russia and several months later spent six months in South Africa and other countries on the African continent.

In a note dated May 26 to Society headquarters, they reported they were then in India. "We are having a very successful travel study leave," they advised. "Have been on the road for five weeks in Morocco, Tunis, Turkey, Iran and the past 10 days in India. We learned of the death of Mr. Hoover three or four days after it occurred when we arrived at Marrekesh after having been out of touch in the Atlas Mountains for several days. His death is a sad and grievous loss to all of us and the people of the U. S. Both of us felt great sor-

row upon receiving the news of his passing. We leave here tomorrow for Ceylon."

NOTE FROM POLKINHORN

In a letter to the Grapevine which appeared in the February 1972 issue, Winston C. Ingman of Seattle, Washington reported the 30th reunion dinner in Honolulu on December 7, 1971 of the Honolulu FBI personnel on duty at the time of the Pearl Harbor attack. He listed John H. Polkinhorn as being now deceased.

Polkinhorn (1937-62), of Washington, D. C., wants it known that the reports of his demise are greatly exaggerated and that he fully intends to be present at the group's 40th reunion. He regrets not having been able to attend last December's gathering of the clan to join in the dinner program.

Danielle Collins Winner of Ohio Contest And is Among Top 8 in National Awards

Danielle Collins, daughter of Mr. and Mrs. Stan J. Collins (1938-40), 752 Dunwoodie Drive, Cincinnati, Ohio, a senior at Anderson High School, was recently named Miss Ohio DECA and placed among the top eight in national competition at Los Angeles.

Cape Coral Home of 'Easy' Ezell Scene Of Southwest Florida Pre-Dinner Party

Members and wives of the Southwest Florida Chapter met for a cocktail party at the Cape Coral home of Margaret and Otho Ezell on June 2.

"Easy" Ezell's sparkling swimming pool and 34-foot twin inboard cruiser riding at anchor at his dock on the waterway off the broad Calloosahatchie added a festive atmosphere to the occasion.

Later the group adjourned to the Nautilus Inn for dinner and a quarterly business meeting. Chairman Ezell gave a detailed report of the Southeastern Regional Conference held at Knoxville. paring and directing the cooking of those excellent steaks. The Shirleys are to be complimented for this outstanding affair.

Dr. Magee, Former FBI Laboratory Chief, Is Director of Virginia Forensic Agency

Dr. J. William Magee (1939-65), well known to many X-Agents as a long-time mainstay of the FBI Laboratory, continues as Director of the Northern Virginia Forensic Laboratory, following its consolidation into the Forensic Laboratory System of the State of Virginia on July 7, 1972.

Dr. Magee was responsible for obtaining Law Enforcement Assistance Administration approval and grants (Federal and State) which made possible the creation of this regional laboratory, in March 1971. Initially serving all law enforcement agencies in four counties in Northern Virginia, the Laboratory now serves 14 Northern Virginia counties and inclusive cities.

Located at 2714 Dorr Avenue, Merrifield, Virginia, the Laboratory is equipped with sophisticated equipment and located in a modern facility. Nevertheless, Dr. Magee believes that personnel have a higher priority than the physical plant. To this end, he first engaged the services of two pre-eminent chemists, Dr. Eugene Reichenbecher and Dr. Paul B. Ferrara, both with outstanding academic backgrounds and records of achievement in private industry. Today the Laboratory employs four chemists, a document examiner, and a laboratory aid,

Dr. J. William Magee

in addition to the director and his administrative staff.

A native of Mississippi, Dr. Magee received his M.S. degree from the University of Mississippi and his Ph.D. from the University of Texas in 1938. I couldn't stand retirement, so after I moved down here to Colonial Beach, Virginia, I took out a local license to practice law and am having a ball. Also, I have been appointed Town Attorney and that alone keeps me on the jump. Only trouble is that it interferes with my fishing.

I have to prosecute all cases in Corporation Court and handle any appeals from same in the Circuit Court at the county seat. Lots of fun. Next time they put out a Directory, change my "business" to "Attorney at Law."

Am going to try awfully hard to attend the Convention, but at this time I don't know whether or not I can get one of the other attorneys in town to handle the town's court cases while I am gone.
